PR No.	Item Description	Issues/Amendments/Updates /Clarifications to the Bidding Documents
22-0014	Supply, Installation, Testing & Commissioning of One unit Vertical Centrifugal pump and motor (Brand New) for use at Sewer Pumping Station	<ul style="list-style-type: none"> • For this purpose, contracts similar to the Project shall be Pumps & Motor. • <u>Query from Armen Electro-Mech Sales and General Merchandise:</u> <i>“We have question, Sir, for the Package includes the following. So, item 2 Pump Shafting and bearings, if this is included sir, can we ask the pump setting?”</i> <u>Response:</u> Pump is basically Set on its own base since it is a centrifugal pump. <i>“Yes sir, bale, all throughout ito po sir? 1 length po ito, 10 feet?”</i> <u>Response:</u> The existing shafting length is 10 feet maximum <i>“Yes sir meron, the important there is the length of the pump sir, so, maybe we will base on 10 ft po.”</i> <u>Response:</u> Yes. <i>“So, another one sir, the specs of the pump vertical centrifugal pump, this is sir what we call the vertical turbine pump, sir?”</i> <u>Response:</u> No, it is Centrifugal Pump. <i>“So, last question sir, for item 3 other Pump accessories, is the column pipe sir included or not?”</i> <u>Response:</u> No. <i>“Column pipe of the pump.”</i> <u>Response:</u> There is an existing pipe and accessories at the site and it is already aged since it is installed in the early 90’s. we suggest that bidders should conduct an onsite inspection to further investigate what is needed to install the pump. <i>“Since kame malayo sir, so, we can visualize all of these things based on the pump setting that we are talking about. So, if item 3 includes the pump accessories, so, we should conclude that the supply, pump and motor, column pipe, line shaft as well as the spider bearing to top doon sa ano sir sa pinakataas na yung pinakadischarge plans, or we use the discharge plans sa the existing one?”</i>

Response: Yes, we still suggest to use the existing pipelines and appurtenances. But if there is a need to fabricate or adopt new fittings in order for the pump to fit the bidder should provide. since we include in the packages the accessories needed. We still suggest for the bidder to conduct site investigation.

“Last question sir, may I know the discharge pipe line, sir? Diameter?”

Response: 100mmØ

Query from GS Ferrolino Construction & Supply:

“I just want to ask, pump casing material at impeller material. Since sewage kasi ito, so, baka may requirements sila sa material na gagamitin or sa existing?”

Response: Casing Material is Cast Iron but impeller is AISI 316. impeller is 2 channel type same with existing pumps impeller

“Yung material, anong type of material?”

Response: Cast iron

“May size po ng maximum particle na ano, requirement nyo or kahit ano pwede mag offer?”

Response: 8mm Max particle

With regards delivery time na 60 days kasi yung pump namin is galling pa ng Europe, kasi pag ganito special pumps kasi ito, so, baka pwde ma-extend to 120 calendar days kasama na yung installation.”

Response: 120 days includes delivery and installation. The winning bidder can request delivery extension with proper justification.

Query from Jline Industries, Inc.:

“Tanong ko lang po sir regarding po doon sa VFD acceptable po ba yung Taiwan brand or Europe brand lang talaga?”

Response: Updated 2016 Revised IRR of R.A. 9184 SEC. 18. Reference to Brand Names. – Specifications for the procurement of Goods shall be based on relevant characteristics, functionality and/or performance requirements. Reference to brand names shall not be allowed except for items or parts that are compatible with the existing fleet or equipment of the same make and brand, and to maintain the performance, functionality and useful life of the equipment.

“Same lang din po sya sir with the pump and motor?”

Response: Updated 2016 Revised IRR of R.A. 9184 SEC. 18. Reference to Brand Names. – Specifications for the procurement of Goods shall be based on relevant characteristics, functionality and/or performance requirements. Reference to brand names shall not be allowed except for items or parts that are compatible with the existing fleet or equipment of the same make and brand,

		<p>and to maintain the performance, functionality and useful life of the equipment.</p> <p><i>“And then tanong ko na rin sir, yung pump and motor po ba, couple po ba sya o magkahiwalay po?”</i></p> <p><u>Response:</u> Separate</p> <p><i>“One more question po. Itatanong ko lang po, pag magsasite visit po, sino po yung hahanapin namin sir?”</i></p> <p><u>Response:</u> Coordinate with the BAC Secretariat for the site visit/inspection</p> <p><u>Query from Aqua Haus, Inc.:</u></p> <p><i>“Clarification lang sir, this is a vertical centrifugal turbine pump? Tama po?”</i></p> <p><u>Response:</u> No it is not, it is Centrifugal pump</p> <ul style="list-style-type: none"> • <u>Query from DM Celac Enterprises in an e-mail dated March 31, 2022:</u> <i>“Since, it is Vertical Pump, why is it 1180RPM only? Usually if vertical pump the RPM is 3450.”</i> <p><u>Response:</u> Since our flow only requires 15 cubic meter per hour at 10 meters total dynamic head, we only require RPM of 1180 to avoid increase or surge of pump flow and head to avoid sewer line breakages. We follow the existing pump and motor specification since the facility including the sewer line is not upgraded.</p>
<p>PR No. 22-0042</p>	<p>Supply & Delivery of:</p> <p>Lot 1: Desktop Computer Set (BASIC & Standard) w/ Licensed OS, Multifunctional Printer & Continuous Ink Printer</p> <p>Lot 2: Laptop Computer (Standard & Specialized) w/ Licensed OS</p> <p>Lot 3: Thin Client Device w/ Monitor, Keyboard & Mouse</p> <p>For office use</p>	<ul style="list-style-type: none"> • <u>Query from Lenin Computer Systems, Inc. in an e-mail dated March 31, 2022:</u> <i>“This is regarding Supply & Delivery of Desktop Computer Set (BASIC & Standard) with Licensed OS, Multifunctional Printer & Continuous Ink Printer for office use, just want to ask if you have specific budget breakdown per item number? As we only have a budget per lot.”</i> • <u>Response:</u> The Government Procurement Policy Board (GPPB) Non-Policy Matter (NPM) No. 043-2014 dated October 10, 2014, stated: <p>2. Whether the Approved Budget for the Contract (ABC) should be based per item, the aggregate total, or both</p> <p>The PE may opt to group several items into one package consisting of several lots, and award the contract per lot; in which case, the ABC shall be based on the budget for each lot that will be awarded separately. Alternatively, the PE may decide to group several items into one lot and award it as one contract. In such case, the sum of the respective budgets of the items aggregated into one lot becomes the ABC for such lot.</p>

For guidance and information of all concerned.
